LEADING THE WAY

*From the CAADE President & Executive Director:
Welcome to our 30th Annual CAADE Conference*

As your new CAADE President I am pleased to welcome you to our 30th annual CAADE Conference — *Celebrating 30 Years of Leading the Way*. We are delighted to also be celebrating our second year of collaboration with Breining Institute and we once again welcome Breining members into the CAADE Community. As is the case each year, we have a sterling lineup of experts in evidence-based addiction treatment who will be presenting cutting edge information in multiple sessions over the next two and a half days. You have a diverse list of exciting topics to choose from.

I want to say thank you to our Executive Director, our staff, and our generous volunteers for the amazing work they have done in planning this conference. We have grown exponentially as an organization in the past few years and our conference attendance has skyrocketed. Putting this annual event together is a herculean task which could not be accomplished without the tireless efforts of our dedicated team. I am so proud of them all and I am honored to serve as CAADE's president for the next two years.

I look forward to meeting you over the next few days. Please come find me and introduce yourself. Enjoy the conference!

Sincerely, *Ben Salazar*

California Association for Alcohol/Drug Educators

Benjamin Salazar
President

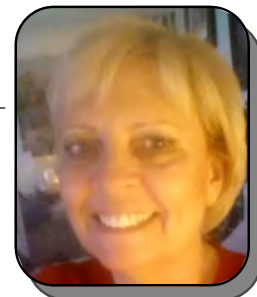

Celebrating 30 Years of Leading the Way

I am thrilled to welcome you to the 30th Annual CAADE Conference. We are so proud to be celebrating 30 years of leading the way in *promoting and supporting quality higher education in addiction studies*. As you will discover over the next few days, CAADE has been collaborating with CCAPP and CADTP in writing and co-sponsoring SB1101 (Wieckowski), legislation which would launch a master's level license for addiction counselors in California. There is still much work to do with writing amendments to the bill, developing a uniform career ladder for certified counselors, and getting buy-in from many stakeholder groups across the state. Things change daily, and we will be seeking your input and feedback as the process unfolds.

I extend a sincere "welcome home!" to our new members from Breining. We are honored that you have decided to joined us. And to all of our dedicated, long-time CAADE college students, CATCs, and members, "welcome back!" You are so incredibly important to us. We hope that everything we have put together for you this weekend is educational, and fun, too! Learn and enjoy. You deserve it.

Warmest regards, *Lori Phelps*

California Association for Alcohol/Drug Educators

Lori Phelps
Executive Director

LEADING THE WAY

CEHs & LOGISTICS

Continuing Education Hours & CEH Certificate

Participants have received CEH Certificates in their packets. At the end of each breakout session you will be asked to complete an evaluation and a volunteer will initial or stamp the back of your CEH Certificate. This is the only record of your attendance so be sure to keep your completed certificate for at least five years. Nineteen and a half (15.5) CEHs have been approved by the California Association for Alcohol/Drug Educators (CAADE) for the full conference and 4 Laws & Ethics CEHs for the pre-conference. Members of NAADAC are also approved to receive 15.5 CEHs, and 4 CEHs for the preconference. See below for more information on board approvals.

All curriculum meets the educational qualifications for continuing education hours for RNs, MFTs and LCSWs as required by the California Board of Behavioral Sciences; for Certified Drug and Alcohol Counselors as established by the CCBADAC; and for Certified Addiction Treatment Counselors (CATC) as established by CAADE. BBS (PCE4240); BRN (CEP14656); CAADE (CP-30-694-P-0000); CCAPP (2N-02-483-0000); NAADAC (876).

Participants may use the certificate to apply for CEHs from other certification/licensing boards.

Preconference 4.0 hours (Laws & Ethics)

Friday Reception & Opening Banquet 4.0 hours

Saturday (including Luncheon) 8.0 hours

Sunday 3.5 hours

TOTAL 19.5 hours (includes up to 7 Laws & Ethics hours)

Raffle Prizes

Don't forget to purchase a 50/50 raffle ticket for your chance to win half of the earnings. In years past, the winning jackpot has been as much as \$800! Stop by the CAADE exhibit table for more information, or look for the lovely Shari Jackson selling tickets. The drawing will take place at the end of the plenary session on Sunday.

Must be present to win. Here are just a few of our raffle prizes!

- ◇ 6-month membership to UFC Gym
- ◇ Amazon Fire TV Stick
- ◇ Amazon Gift Card
- ◇ One year CAADE Membership
- ◇ Starbucks Gift Card

Handouts

Your workshop speaker may provide handouts or training materials. CAADE is not responsible for handouts, and will not provide copy services onsite. We will do our best to provide copies of presentations on our website after the conference.

7:00 am to 8:30 am Continental Breakfast Exhibit Hall in Grand Nave Foyer

8:30 am to 10:00 am Keynote Speaker: Dr. Darryl Inaba Grand Nave Ballroom

Marijuana and Its Impact on the Developing Adolescent Brain

A growing body of medical evidence demonstrates that marijuana (THC), especially in its newer highly potent forms (“edibles and BHO”), and the new synthetic cannabinoids (“Spice”), result in addiction, medical, and mental health problems. This presentation will look at marijuana as a drug: It’s medical and abuse potential relative to other psychoactive substances. It will revisit its botany, chemistry, pharmacology, impact on the adolescent brain, and especially the 8-9% of its users who develop Cannabis Use Disorder. The developing adolescent brain is most vulnerable to THC’s toxic and addictive effects. This will be a major emphasis of this presentation.

10:00 am to 10:30 am Break & Refreshments Exhibit Hall in Grand Nave Foyer

10:30 am to noon Breakout Sessions I

Yoga For Health in Recovery

Presenter: Kelli Daniels

Bataglieri

Yoga is a mind and body practice with historical origins in ancient Indian philosophy. Like other meditative movement practices used for health purposes, various styles of yoga typically combine physical postures, breathing techniques, and meditation or relaxation. In this session, Ms. Daniels reveals the scientific foundation for using yoga as part of a holistic approach to recovery from addiction. Wear relaxing clothes and bring a towel so that you can experience firsthand the benefits of yoga for deepening the physical and spiritual aspects of recovery. Discover for yourself why yoga has been called “prayer in motion.”

Building a Culture of Co-Occurring Competency

Presenter: Dr. Mark Stanford

Beavis

Best practices in the treatment of persons with co-occurring disorders have been well established through national organizations including SAMHSA, IRETA, ATTC, The National Council on Behavioral Health and others. However, what is not readily available to providers and systems of care are helpful tips and ways to begin to build and sustain a culture of co-occurring competency. This presentation reviews the different ways this can happen where participants can discover ideas, learn about and take back to their organizations, various ways to reinforce the provider network about creating and managing a culture of co-occurring competency.

LEADING THE WAY

CONFERENCE SESSIONS

10:30 am to noon

Breakout Sessions I Continued

Family Systems: Strategies and Interventions

Tofanelli

Presenters: *Bill Tarkanian & Dr. Jessica Rodriguez*

Identification of common barriers to working with addicted persons and their families, including stigma, shame, counter-transference, and lack of information/education. An overview of a Family Intervention, and the dual purposes of same. A discussion of *family* roles and family dynamics, and the five (5) basic needs. The presentation will conclude with information regarding the effectiveness of Family Group and Family Therapy in an SUD treatment setting.

Veterans in SUD Treatment

Compagno

Presenters: *Darrell Green and Creston Marshino*

SUD Treatment of Co-Occurring Disorders in Veterans within the VA Palo Alto HCS: A brief overview of The Foundations of Recovery Program, a 28 day residential treatment program in the Palo Alto HCS. Presenters will review the use of evidence and non-evidence based practices (i.e. Milieu Therapy), characteristics of veterans served in the program (i.e. psychosocial issues, dual diagnoses, risk issues), and available outcome data (i.e. BAM data). A brief overview of Veterans with PTSD and SUD will be presented.

Faculty Reception

CARR

All CAADE College Faculty are invited to attend the faculty reception and awards ceremony. Network with colleagues and enjoy refreshments.

Noon to 2:00 pm

President's Luncheon

Grand Nave Ballroom

College Shout-Out & Keynote Speaker: Ray Lozano

Thank you to our Co-Sponsors His House and New Horizons!

HIGH EXPECTATIONS

How can a seemingly harmless, naturally grown plant, prescribed to cancer patients, that has never killed anyone, possibly hurt you? Impossible, right? Or is it? Here is a chance to get some drug information that's made interesting! Wow! There's a twist. Ray will present some up-to-date facts on marijuana in such a fun way that you might forget you're learning! This workshop will cover the "toxic truth of marijuana."

2:00 pm to 3:30 pm

Breakout Sessions II

Reasoning Behind LGBTQ Methamphetamine Use

Bataglieri

Presenters: *John Korkow and Jenny Calvert*

This study discusses why the LGBTQ population might be more vulnerable to methamphetamine use disorder than other populations. Research has shown that LGBTQ populations are at higher risk for methamphetamine use disorder; this study looks at the reasons behind this issue, and possible methods to address this problem.

LEADING THE WAY

CONFERENCE SESSIONS

Saturday, April 16

2:00 pm to 3:30 pm

Breakout Sessions II

What Do You Really Know About Clinical Supervision?

Beavis

Presenter: *Lynn Delvaux*

Competent Clinical Supervision is complex for students, trainees, practitioners and supervisors. The responsibilities of a Clinical Supervisor also require clinical competencies such as professional knowledge, skills, values and "metacompetence." In order to ethically encourage and reinforce the supervisees' skill development, the Clinical Supervisor must be willing and ready to self-assess, self-reflect and self-motivate. Here's the time and space to understand Clinical Supervision "from the inside out."

Reaching the Needs of the Growing Latino Population: Are You Providing Culturally Responsive Services?

Tofanelli

Presenter: *Isabel S. Perez-Yanez*

This workshop will provide an overview on understanding the cultural context of working with the Latino communities. Emphasis will be on mental health and alcohol and drug issues. As the Latino population increases in size in the United States, service providers from all disciplines will find it necessary to be able to integrate culturally responsive services to increase recruitment and retention of Latinos. Discussion will include strategies and tools that support cultural responsiveness in assessment, evaluation and treatment. Finally, recommendations will be made on ways to integrate culturally responsive approaches in services to Latinos.

Senior Ex-Offender Program

Campagno

Presenter: *Frank Williams*

The Bayview Hunters Point Multipurpose Senior Services, Inc. (MSS) developed the Senior Ex-Offender Program (SEOP) in 2001 to provide comprehensive services to seniors who are being released from the prison system. The long-term goal of SEOP is to provide a successful transition from incarceration to the community, where seniors will be able to support themselves financially, engage in healthy family and other social relationships. The presenter will discuss how to address the needs of this population. Further discussion topics will cover aging, medical, mental health and substance abuse issues of this special population.

3:30 pm to 4:00 pm

Break & Refreshments

Exhibit Hall in Grand Nave Foyer

LEADING THE WAY

CONFERENCE SESSIONS

Saturday, April 16

4:00 pm to 5:30 pm

Breakout Sessions III

Issues & Answers About Certification & Licensure

Bataglieri

Panel of Experts

(Laws and Ethics)

The issues surrounding addiction counselor certification and licensure in California, and the nation, can often seem confusing for students, counselors, and employers. This panel will discuss everything you ever wanted to know about Addiction Counselor Certification Regulations in California, the “5-year rule,” education and supervision requirements, pending Master’s Level Licensure legislation, and other topics relevant to you and your future. Bring your questions and concerns for an informative Q&A session with CAADE staff and Board members.

Marijuana and Its Impact on the Developing Adolescent Brain (Continued)

Beavis

Presenter: Darryl Inaba

We know you can never get enough of Dr. Inaba! So we scheduled this session to allow him time to continue with the keynote session he began this morning.

ASAM Criteria: What You Need to Know

Tofanelli

Presenters: Gustavo Fierro and Debra Kelsey

The ASAM criteria is the most widely used and comprehensive set of guidelines for placement, continued stay and transfer/discharge of patients with addiction and co-occurring conditions. It is essential for addiction counselors to be familiar with these guidelines. This session will give you the information you need to work effectively with the ASAM guidelines.

More High Expectations

Compagno

Presenter: Ray Lozano

If you didn’t get enough of Ray, or if you missed him earlier today, here is your chance to see him up close and personal. In this session, Ray talks about “the 3 Ps of Alcohol Use.” Hilarious, touching, and informative.

7:00pm to 8:00pm

12-Step Discussion Group

Grand Nave Ballroom

Leaders: Kourtney Sakioka, Gina Mills, and Kelli Daniels

If you need a meeting, bring a cup of coffee and come join us for some relaxed fellowship and sharing.

CATC I The individual with a CATC I has completed a CAADE accredited addiction studies program or equivalent at a regionally accredited college or university and has met the requirements of the Basic CATC.

N

CATC N The individual with a CATC N has a Nursing degree from a regionally accredited college or university (or a school approved by the California Board of Nursing), and has met the requirements of the Basic CATC.

CATC

Basic CATC (Entry-Level) The individual with a basic CATC meets the minimum addiction studies education requirements by completing 21 units or 315 hours in AOD education from a CAADE accredited or certified program (or equivalent), 250 hours of supervised practicum fieldwork, and 2080 hours of supervised internship, along with passing the CATC exam or other NCCA approved examination per California regulations.

The CATC Tiered System encourages higher education by distinguishing individuals who have attained college and university degrees. The *Addiction Counselor Certification Board of California (ACCBC)* proudly recognizes CAADE as the future of certification standards for addiction counselors in the State of California.

LEADING THE WAY

PRESENTER BIOGRAPHIES

Jenny Calvert, is currently an Addiction Studies major at the University of South Dakota, and an honors student at the University. She has completed her honors thesis "Reasoning Behind LGBTQ Methamphetamine Use," and graduated with her bachelor's degree in Addiction Studies in May 2016. Jenny currently resides in Vermillion South Dakota, and is a recipient of the SPURA grant to forward undergraduate research projects.

Kelli Daniels, is a Certified Yoga Therapist (YogaFit), Certified Personal Trainer (National Academy of Sports Medicine), Certified Group Exercise Instructor (Aerobics and Fitness Association of America) and a member of the CAADE staff. After raising three boys she returned to school and will be graduating with honors next month with a B.S. in Human Services from CSUF. While working as an intern at Touchstones Teen Recovery Home in the city of Orange, she began weekly recovery yoga classes for the residents. This year marks Kelli's 15th year working in the fitness industry. She was named Gold's Gym Instructor of the Year in 2013.

Lynn Delvaux, LMFT, CATC IV, CCS, is a licensed Marriage and Family Therapist (MFT), a CATC IV and a Certified Clinical Supervisor (CCS). Lynn holds a graduate degree in psychology from Chapman University and a Certificate in Gerontology from CSUF. She is a Clinical Member of the American Association of Marriage and Family Therapists and the California Association of Marriage and Family Therapy. She has taught Psychology and Human Services courses at Cypress College and Clinical Supervision courses at the Training Institute for Addiction Counselors. Ms. Delvaux recently retired from Community Hospital of Long Beach Behavioral Health Unit to pursue her private practice working with families who suffer with addiction.

Gustavo Fierro MSW, CATC IV, RPT, is a psychotherapist at Children's Hospital in Los Angeles and also serves as a substance abuse therapist at Surf City Recovery in Huntington Beach. He holds BS degree in Human Services from Cal State Fullerton and the MS degree in Social work from the University of Southern California with a specialization in children and family mental health. Gustavo has 20 years experience in substance abuse treatment and has worked with diverse populations (i.e., children, adolescent, adults, families, co occurring, homelessness, and institutionalized population). He is a member of the National Association of Social Workers, and is an instructor at the Training institute for Addiction Counselors.

Darrell Green is a Marine Veteran who served in the United States Marine Corps from 1982 to 1986. He is a 2004 Graduate of Diablo Valley College, East Bay, in Addiction Studies. He worked as a program coordinator at El Centro De Libertad Outpatient Programs in Half Moon Bay and Redwood City. He went on to complete his undergraduate and graduate work in San Francisco where he received both a Bachelor's and a Master's Degree in Psychology with an emphasis in Humanities from New College of California. Currently, he is a Marriage and Family Therapist specializing in addiction treatment for the Department of Veteran's Affairs Palo Alto Health Care System.

LEADING THE WAY

PRESENTER BIOGRAPHIES

Kenny Henry is the essence of a present day “Renaissance Man” and true “Boss Mann.” As a native of Southern Louisiana, Henry was surrounded by the energetic and vibrant Creole culture as well as that warm, one-of-a-kind southern hospitality. This same culture is where his artistic desires and aspirations were developed. Today, Henry is a solo recording artist who writes and composes his original music. His freshman album titled, *The Lost Sound*, was quietly released on iTunes and several other online music sites in 2010. Since then, Henry has performed in several venues throughout Southern California and collaborated with different artists on their projects. With his Bachelor of Science degree in Broadcast Journalism and Sociology, he has mastered the ability to put all his education, work experience, talents and gifts together to create a life of impact.

Dr. Darryl Inaba is Director of Clinical and Behavioral Health Services for the Addictions Recovery Center and Director of Research and Education of CNS Productions in Medford, Oregon. He is an associate Clinical Professor at the University of California in San Francisco, CA., Special Consultant, Instructor, at the University of Utah School on Alcohol and Other Drug Dependencies in Salt Lake City, UT and a Lifetime Fellow at Haight Ashbury Free Clinics, Inc., in San Francisco, CA. Dr. Inaba has authored several papers, award winning educational films and is co-author of *Uppers, Downers, All Arounders*, a text on addiction and related disorders that is used in more than 400 colleges and universities. He has been honored with over 90 individual awards for his work in the areas of prevention and treatment of substance abuse problems.

Debra Kelsey is a Level II Certified Addictions Counselor and a recognized speaker on addiction treatment techniques. She regularly provides educational presentations for numerous healthcare and community organizations. During her career in addiction treatment, Debra worked in case management, crisis response, and mental health, before accepting her current position as Program Director for Surf City Recovery. She serves as a member of the University of California, Irvine Institute Review Board and is a member of Orange County Drug and Alcohol Advisory Board. Debra is passionate about inspiring others to recover from the devastation of addiction. She is an educator, mentor, counselor and public speaker offering solutions to those who have challenges. Debra has been recognized by United States Congress, California State Senate, and California State Assembly for her dedication and hard work on behalf of those who are suffering from addiction.

Dr. John Korkow received his PhD in Educational Psychology from the University of South Dakota in July of 2008. His research interests include Native Americans and Educational issues (particularly admission and retention), Educational Psychology, retention issues for college students and substance use among college students. He is a member of the South Dakota Addiction and Professionals Association in South Dakota, a Licensed Addiction Counselor, a member of APA division 15, a member of NAADAC, and is the current president of INCASE. He is an assistant professor in the department of Addiction Studies at the University of South Dakota.

LEADING THE WAY

PRESENTER BIOGRAPHIES

Paula Lee is CAADE's legislative advocate in Sacramento. She studied Human Services at American River College and completed the Chemical Dependency Counseling Certificate program at Sacramento State University. Paula's advocacy work has been primarily in the areas of child abuse prevention and electoral reform. She is legislative director for Californians for Electoral Reform, a legislative advocate for FairVote, Center for Voting and Democracy and is President of the League of Women Voters Sacramento.

Ray Lozano has educated and entertained thousands of students in hundreds of middle schools and high schools from Alaska to Florida, and internationally in the Cayman Islands and Bermuda since 1986. Ray has a talent and gift for conveying what could be construed as boring drug and alcohol prevention information in such a fun and humorous way that his audiences come away informed and entertained. The fact that he has been asked to return to some of the same schools across the nation speaks to Ray's ability to keep his information updated, fresh and relevant. Ray has completed certification as a Prevention Specialist by the state of California as well as Drug and Alcohol Counselor Certification.

Creston Marshino served in the U.S. Navy from 1975-79 and was stationed on USNS Midway Island and the U.S.S. Sacramento. He graduated from Rancho Santiago College in 1987, graduated from College of San Mateo in 2006 with an AA in Addiction Studies. He graduated from San Jose State University in 2011 with a BA in Behavioral Science and a double major in Psychology. He worked at the Sequoia Center in Redwood City in 2005 as a Case Manager and went to work for the Department of Veterans Affairs in 2007 as an addiction counselor.

Kevin McCauley is a graduate of the Medical College of Pennsylvania. After completion of medical school, he joined the Navy and became a Naval Flight Surgeon. After earning his wings at Pensacola, Florida he was assigned to a Marine helicopter squadron (The Red Lions). Later he was transferred to Marine F/A-18 Hornet squadron (Sharpshooters). While working as a flight surgeon he treated pilots with alcohol and drug problems. As a physician, he advocates strongly for the rights of addicts as patients. Dr. McCauley currently lives in Hawaii with his wife.

About Dr. McCauley's new film: Addiction is a potentially fatal illness - but it is also eminently recoverable. In this film, Dr. Kevin McCauley re-lives his own precarious early sobriety - negotiating hazards such as hostile prosecutors, treatment programs with divided loyalties, and his own craving brain. Following the advice of the Addiction Medicine experts who helped him, he replicates the sobriety habits and success of recovering pilots and health care professionals. By framing addiction not as a problem of moral choice but as a safety/risk management challenge, Dr. McCauley explains how recovery is neither rare nor random - with the right kind of support, it can even be expected.

PRESENTER BIOGRAPHIES

Jessica Rodriguez, PhD, CATC V: Dr. Rodriguez is currently CEO and Clinical Director of On-Site Strategies, and Lead Interventionist at Gateway Interventions, in Roseville, California. She is a nationally acclaimed speaker on co-occurring disorders, complex addiction, trauma, resiliency, and family dynamics, from a Reality Therapy and Choice Theory perspective. She earned her first doctoral degree in Integrated Psychology in 2004, and a second doctoral degree in Pastoral Care and Counseling in 2008. She is a renowned trainer on topics including clinical supervision, family systems and interventions.

Mark Stanford, Ph.D. is past Director of the Addiction Medicine and Therapy services for a large County Health & Hospital System in California. He is currently the Senior Director of Integrated Behavioral Health and Quality Improvement for a large community-based health agency in Santa Cruz, Ca and teaches physiology, pharmacology and psychology at a local community college. Mark Stanford is the author of over 30 articles and 3 books including the text, *Foundations in Behavioral Pharmacology of Substance Use and Mental Health Disorders*, used by colleges and universities around the nation.

BILL TARKANIAN, CATC V: A recovering lawyer, Bill is the director of outpatient & community services for the Los Angeles Centers for Alcohol & Drug Abuse (LA CADA), where he facilitates domestic violence and family group counseling sessions, in addition to managing two outpatient and intensive outpatient SUD treatment programs in Los Angeles County. Bill is also an adjunct professor at Azusa Pacific University's Graduate School of Psychology, teaching "Addiction, Assessments and Interventions." A Certified Clinical Supervisor and a Certified Family Systems Specialist, Bill advocates for the homeless and post-incarcerated population on Los Angeles' skid row.

Frank Thomas Williams, MA, MS, CATC IV, is the director of the Senior Ex-Offenders Program (SEOP). SEOP is an innovative program service for men and women 50 and over reentering their community. SEOP is located in San Francisco, CA, one of several programs by the Bayview Hunters Point Multipurpose Senior Services, Inc. SEOP has received several awards and recognitions from the San Francisco Sheriff Department to New Jersey, from various foundations and agencies. As director, Mr. Williams formed collaborations with various non-profits, governmental agencies, social and human services, workforce development and job training agencies, housing services and educational colleges and universities.

Isabel S. Perez-Yanez, MPH is a statewide/trainer consultant with over 20 years of direct and administrative experience in public health, education, and social services. She completed her education at the University of California Berkeley; undergraduate degrees from Social Welfare and Chicano Studies and her graduate degree from the School of Public Health. Ms. Perez has worked in the areas of violence (gang and domestic), prevention and intervention, diverse populations, teen pregnancy, perinatal health, and the many issues related to substance abuse and culturally responsive services, especially with the Latino population. She has taught in the Master's of Social Work Program at California State University East Bay (CSUEB) for 12 years, and at the College of San Mateo for 16 years, where she teaches in the Addictions Studies Certificate Program.

Many many thanks to San Bernardino Valley College's Human Services Association, and to Professor Melinda Moneymaker for always supporting SBVC students in attending the conference. You make it happen!

SAAPSA Students: Jason Bonney, Ariana Romero, Shayna Lascala, and Boomer Baker.

LEADING THE WAY

MEET OUR NEW PRESIDENT

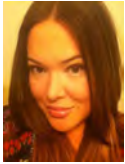

Benjamin Salazar, LMFT, CATC IV has been a CAADE board member for 11 years. He served as Treasurer for eight of those years before he was elected president. Professor Salazar has held the position of Associate Professor and Director of the Addiction Studies Program at Glendale Community College for 11 years. He is a Licensed Marriage Family Therapist in private practice in Glendale and a provider of mental health services for the Los Angeles District Attorney's Victims of Crime Unit. He is also a Clinical Director at an outpatient chemical dependency treatment program. In 2003, he received a Master's of Science in Counseling, with honors, from California State University, Los Angeles and is a 1998 UCLA graduate. Ben's passions include spending time with family, especially his children, and attending all types of concerts throughout California with his beautiful wife, Arsho, who is a Chemical Dependency/ Psych RN and holds a CATC N. His office walls at GCC are covered with tickets and photos from all of those concerts. If you were to talk to his students they would tell you how he brings his whole being to teaching. He is a graduate of the same ADST program where he is now director. He's a firm believer in Evidenced Based Treatment and an advocate of the 12 Step model of recovery. He has been preparing for the past year to take on the mantle of the CAADE presidency. He has already begun by representing the CAADE board and our members on the California Counselor Certifying Organizations (CalCCO) with hopes of achieving a Master's level license for addiction counselors as well as a uniform career ladder for certified counselors. He is committed to CAADE's mission of *promoting and supporting quality higher education in Addiction Studies*.

Ben and Arsho with their family

LEADING THE WAY

CAADE STAFF

Michelle Ulrich, BS, CATC III

Michelle has been with CAADE since March 2012. She is our senior office staff member, serving as Lead Coordinator, assistant to Dr. Phelps, and liaison to the CAADE Board of Directors. She holds a Bachelor's Degree in Human Services from CSU Fullerton and an Associate's Degree in Liberal Arts from Long Beach City College. In her free time she enjoys spending time with her niece, live music, and grooming for VJF Racing Stables at Golden Gate Fields.

Carmen Donato, BA, CATC II

Carmen has worked with CAADE since 2014. She holds an Associate's Degree in Liberal Arts and Certificate of Completion in Alcohol & Drug Studies from Long Beach City College. She is currently at Cal State University Dominguez Hills and will receive the Bachelor's Degree in Human Services this May. She has been accepted into the Master of Arts in Social Work program at CSUDH to begin in the fall. Carmen loves her ministry, hanging with friends, spending time with family, different types of music, and learning new cultures.

Gina Mills, CATC I

Gina Mills attended Cypress College, acquired an AOD certificate, and joined the CAADE office in 2014. She currently serves as the Compliance Coordinator, specializing in helping registrants through the registration and renewal process. Gina specializes in database management and is strongly committed to serving our members with excellence. She is a highly valued member of the CAADE office team.

Kourtney Sakioka, BA

Kourtney has been with CAADE since 2015. She earned a Bachelor's degree in English from the University of Massachusetts. Kourtney celebrated five years of sobriety this year and enjoys working in a field where she is able to help others. Her free time is filled with her daughter Charlotte Grace and her loving fiancé, Rodrigo.

Kelli Daniels, BS (May 2016)

Kelli came to the CAADE office in January to complete her last internship as part of her Bachelor of Science degree program at California State University, Fullerton. She will be graduating with honors in May, 2016. Kelli brings many talents to the CAADE team. She is a Certified Yoga Therapist (YogaFit), Certified Personal Trainer (National Academy of Sports Medicine), and a Certified Group Exercise Instructor (Aerobics and Fitness Association of America). Kelli is presenting a session on Yoga for Health in Recovery at this conference on Saturday.

Debra Bush, MFTI, CATC IV

Debbie recently joined CAADE to assist with conference event planning. She graduated with the Bachelor of Science degree in Human Services from California State University, Fullerton in 2010, and earned the Master of Science in Counseling from CSUF in 2012. Debbie is a Marriage and Family Therapist Registered Intern who spent the last two years as a CBT Facilitator at Phoenix House Foundation in Santa Ana before joining the CAADE team.

LEADING THE WAY

In Memoriam

A Tribute to our Beloved Dr. James Crossen

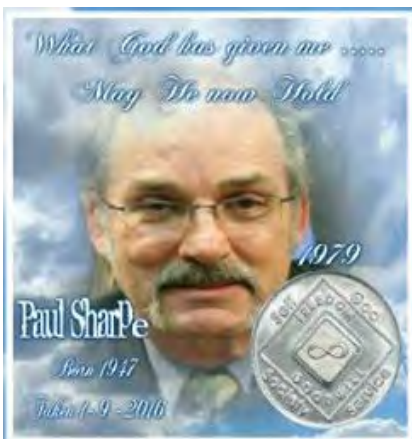

Dr. Crossen was an icon in the addiction treatment community and was well respected as one of the founding fathers of addiction treatment education in Southern California. His career spanned more than 40 years of dedicated love and service to our profession. He passed away on April 4, 2016 and his absence will be deeply felt.

Dr. Crossen was, first and foremost, a champion of the oppressed. He was also an educator, addiction treatment professional, published author, producer of treatment videos for Hazelden, poet, humanitarian, and a driving force as an active board member in the early days of CAADE.

Dr. Crossen was best known as the director of the Addiction Studies Program at Los Angeles Pierce College, which he founded in 1975 and ran for 37 years until his retirement in 2012. He was also known for his passion for carrying the message of addiction treatment and recovery throughout the world. He visited many countries and was instrumental in developing the first ever addiction studies training program in Iran. Many of the countries touched by Dr. Crossen still utilize his book, *Twelve –Step Therapy*, as their guiding curriculum.

Although Dr. Crossen was the recipient of many awards and held many credentials (PhD, MFT, RN, CATC V, CADC II, MAC, ICADC, CCGC, SAP), he would be the first to tell you that the most valuable recognitions for him were his beautiful wife Lola, whom he adored, and his active participation in Alcoholics Anonymous.

Dr. Crossen's passing leaves a void in our community that can never be filled. His legacy will live on through the thousands of lives he touched and the army of students he inspired. A memorial service is being planned for the near future. God speed, dear friend.

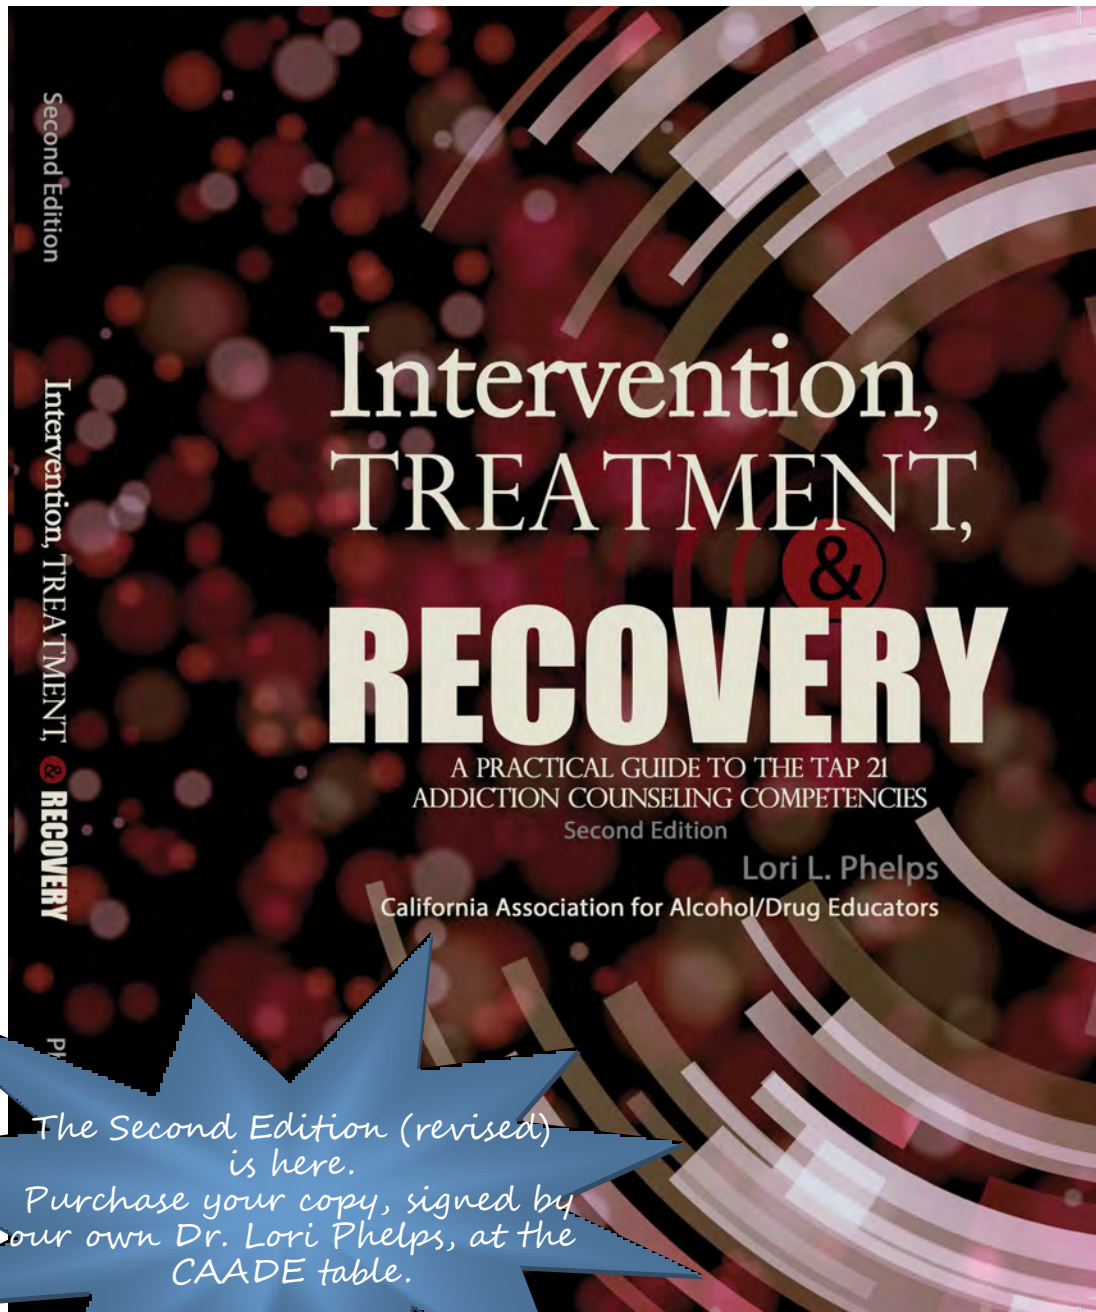

Farewell to Professor Paul Sharpe, Mt. San Antonio College

Paul Sharpe, Professor/Director of Alcohol & Drug Counselor Training Program at Mount San Antonio College from 1997 until his retirement in 2014, passed away in January. Paul received the BA degree from the College of Santa Fe, and earned the MSW degree from California State University, San Bernardino. He completed the Certified Substance Abuse Counselor courses at UCLA. Paul was Program Director at American Recovery Center until he was hired by Mt. San Antonio College to oversee their Alcohol and Drug Counselor Training Program in 1997. He served for many years on the CAADE Board of Directors as President, Treasurer, and Chair of the Continuing Education Committee.

Professor Sharpe was deeply loved by his students and colleagues. A memorial service was held in his honor on February 6, 2016, at the Unity Church in Pomona. CAADE wishes to acknowledge Paul's many years of service as an educator, advocate, and friend.

Celebrating 30 Years of Leading the Way

LEADING THE WAY

Intensive Outpatient Program

Addiction Therapeutic Services is a CARF accredited Intensive Outpatient Program located in the heart of Palm Springs, CA. At ATS-IOP

we strive to meet our clients where they are and help them sustain lifelong recovery. We require complete abstinence from mind or mood altering medications and substances. We will assess and support each client individually if non-addictive medications are needed for dual diagnosis or chronic pain.

Our weekly curriculum is Hazelden's Living in Balance while integrating Mindfulness DBT and Spiritual Care groups.

Our core philosophy is 12-step recovery and require families attend our family program. Our Clinical Team include a PhD Clinical Psychologist, LCSW, MD, PA-C, and Certified Chemical Dependency Counselors. The Clinical and Executive team have well over 100 years of combined experience in the fields of Addiction Treatment and Behavioral Health.

We accept most insurance and offer affordable private pay rates.
